

## **Partners, Business Participants**

Within a few months of project's execution we have been engaged in long-term agreements with numerous outstanding organizations which are market leaders in software sales and consumer ratings.

Currently we affiliate with 70 countries, and almost 300 affiliates promote, distribute and sell our software packages worldwide.

In the frame of project's conduction our ERP and CRM software applications (Computerized Maintenance Management System/CMMS 4.3 and Online Management Documentation Flow System/DocsMan 3.0) have received **5 Star Award by Ivertch Software Center.**

Hence, B2B IT E-MARKETPLACE offers exclusive opportunity for software companies and independent developers to bring out their software products to international markets in conjunction with this project's professional software marketing programs, variety of sales channels, niche targeting, loyalty programs and software sales online utilization.
